**A Review of SharePoint 2016  
Features, Functions, and New User Productivity**

***Thursday November 5<sup>th</sup>  
10am -11am (Malaysia) / 7:30am – 8:30am (Mumbai)***

AIIM India and AIIM South Asia cordially invite you to our first joint presentation on Thursday November 5th, to review the new productivity features of SharePoint 2016. Mr. Joel Oleson, Director of Business Development at Konica Minolta Business Solutions, and foremost expert on the SharePoint environment will cover the major new productivity features and enhancements available in SharePoint 2016.

SharePoint 2016 represents a major new wave of capability, in terms eDiscovery, protecting content, auditing, reporting, record holds and retention schedules. Mr. Oleson will explore and highlight integration strategies with MS Exchange, cloud computing, encryption support and Office 365 One Drive.

This will prove to be an interesting and informative seminar and you are welcome to attend depending on your schedule. Please see the registration information below.

**Location: Via Virtual Member Meeting**

**Date: Thursday November 5, 2015**

**Time / Cost: 10am (Kuala Lumpur) / 7:30am (Mumbai) / No Cost (\$0)**
